## UNVEILING SERVICE At *Sharon Memorial Park*

The unveiling of the grave marker of a loved one is an important and meaningful occasion. If you would like more information about the tradition of unveilings, please go to our web site [www.sharonmemorial.com](http://www.sharonmemorial.com) click on "Customs and Traditions" and then click on "Unveilings".

### Scheduling an Unveiling

At Sharon Memorial Park we want to do everything that we can to make the unveiling event smooth and easy. To ensure your privacy and dignity please note the following guidelines for planning and scheduling.

- **An unveiling cannot be scheduled until the bronze marker has arrived at Sharon Memorial Park.** The memorial dealer notifies the family once they have delivered the marker.
- Please schedule your unveiling with our office. We suggest that you do not make any arrangements with family, clergy or for travel until it has been confirmed that the marker has arrived at the park and the unveiling has been scheduled. *If you make your plans without this process, it is possible they could be affected.*
- To schedule the date and time of an unveiling service, please call our main number at (781) 828-7216 Monday through Friday and ask for the Unveiling Coordinator. Please note that any other arrangements, including clergy are the sole responsibility of the family.
- Weather permitting, bronze markers are installed, and unveilings can only be scheduled between April 1<sup>st</sup> and November 30th. Unveilings may only be scheduled for the current calendar year, starting in January.
- In order to provide privacy and ensure dignity for this Service, Sharon Memorial Park schedules only one unveiling per section per hour. We request, therefore, that you be sure to schedule your unveiling with our office.
- Please note - Should an interment interfere with the time set aside for unveiling, we will try to contact you the day prior, but as late as the morning of your unveiling to ask you to either change your time or wait a few minutes until the interment takes place.
